To: All Church Pastors  
Local church Boards

From: Communication Director

Date: 21<sup>st</sup> September 2018

Subject: **CONFERENCE-WIDE CREATION WEEK OCTOBER 21-27**

This circular serves to inform all local churches within our Conference that **October 21-27, 2018** is earmarked as **Creation Week** with the special **Creation Sabbath** on October 27.

Adventist Week programs during October over the past 4 years were intent on re-affirming our unique identity as Adventists and serve to remind us of our distinct calling as God's special people with an end-time message.

The Conference is producing a nightly sermons booklet which will be distributed to all our local churches from the first week of October onwards. This booklet will serve as the main resource to assist preachers during Creation Week.

The Creation Sabbath program on October 27 is endorsed by the General Conference, and local churches are urged to plan towards this program. Material and resources can be obtained from the Creation Sabbath website: <https://creationsabbath.net>. The Conference would like to suggest our children to lead out during Creation Sabbath.

Feel free to contact our Communication Department should you need any special resources or have any further queries.

Wish you God's special blessing in your preparation for Creation Week and more importantly, the earth made new.

Yours sincerely,

Russell M. Woruba  
**COMMUNICATION DIRECTOR**
